

## Sandy Voigt, Regional Business Specialist

Sandy joined Region Five in October 2014, bringing several years of experience in economic development. This includes extensive expertise in industry networking in Minnesota, as well as nationally and internationally. Sandy has worked in a variety of economic development organizations and been involved in all aspects of economic development including business planning, loan packaging and preparation, grant writing and technical assistance.

Voigt's educational background is in healthcare and former business/restaurant owner. She is certified by the National Development Council as an Economic Development Finance Professional and alumnus of the Blandin Foundation Community Leadership Program.
