

## ENERGY AND ENVIRONMENT PLANNING MEETING 1

### Agenda

*Before meeting: Review some of the resources on the resource page to start thinking about Energy and Environment initiatives and what this might look like in your community*

- **What days/times work best for the Planning Team to meet going forward?**
- **A Look at Energy and Environment Plans: What to Expect**
  - Go over example plans
  - Choosing the projects and project focus for \$10,000
  - Review baseline data gathered so far, WealthWorks, and sections of Energy and Environment Plans
- **Review Community Survey**
  - How can we best share the survey for maximum responses in the community?

#### **Example Energy and Environment Plans:**

- [Hackensack Comprehensive Plan](#)—Energy Environment integrated throughout
- [Staples Energy and Environment Plan](#)—stand-alone plan as an addendum to its comprehensive plan
